LinkedIn: <https://www.linkedin.com/in/paras-panchal-718679223/> | <https://github.com/paras245>

Portfolio: <https://paras-panchal.netlify.app/> | UAE Residence Visa (2 years validity)

## PROFESSIONAL SUMMARY

Software Developer with **3+ years of hands-on experience** in building scalable web applications across **backend and frontend technologies**. Strong expertise in **HTML, CSS, JavaScript**, modern frameworks, and API-driven architectures. Experienced in **.NET, .Net Core and Angular** and enterprise application development. Exposure to **AI-assisted development, Agentic AI tools**, and modern coding workflows. Actively seeking **Software Developer /.Net Angular Full-Stack /AI Tooling Specialist roles in the UAE**.

## TECHNICAL SKILLS

- Languages: C#, JavaScript, TypeScript, Python, Java
- Backend: .NET Core / ASP.NET Web API, REST, SOAP, GraphQL, MVC
- Frontend: Angular, React (foundational), HTML5, CSS3, Bootstrap, Tailwind
- Databases: MSSQL Server, Relational Db
- ORM & Data: Entity Framework Core, Dapper
- Architecture: RESTful APIs, Microservices basics, OOP, Clean Architecture, SOLID Principle
- Messaging & Realtime: SignalR, RabbitMQ, Temporal, Background Jobs
- AI & Dev Tools: Github Copilot, ChatGPT, Claude, Gemini, Grok, Antigravity, WindSurf, Claude Code
- Tools & Cloud: Git, GitHub, IIS, Swagger, Jira, Agile/Scrum, Bitbucket, Slack, Docker, Postman, PoweBI

## PROFESSIONAL EXPERIENCE

**TechnoBrains Business Solutions** (Ahmedabad, India)

Junior Software Engineer - Full Stack (.NET & Angular) Jun 2023 - Nov 2025

- Developed key modules for Precise RadFlow 360, a US healthcare diagnostic imaging platform supporting MRI, CT, and X-Ray workflows.
- Built secure and scalable APIs using .NET Core 6/8 with Dapper and Entity Framework Core, improving response time and database performance.
- Enhanced Angular frontend modules, improving responsiveness and user experience for complex medical operational interfaces.
- Implemented SignalR-based real-time features for patient records and live operational dashboards.
- Developed asynchronous workflows using RabbitMQ for high-volume background processing.
- Integrated multiple third-party services, including QuickBooks API, Tebra (healthcare), JSDelivr, Bitwarden Secret Manager, Stripe and other utility/payment gateways.

- Implemented Cron jobs and automated email workflows to streamline payment cycles and case management.
- Built secure file upload and document management systems for patient reports and medical documents.
- Participated in system upgrades: .NET Core 6 to 8 and Angular 10 to 18.
- Wrote unit tests, enforced coding standards, and contributed to peer code reviews

**TechnoBrains Business Solutions** (Ahmedabad, India)

Software Trainee - Full Stack Foundations

Mar 2023 - Jun 2023

- Completed intensive full stack training in .NET Core, C#, Web API, Angular, and MSSQL.
- Delivered sample end-to-end applications including API development, UI integration, and database design.
- Applied SOLID principles and clean architecture concepts in practice projects.
- Collaborated using Git-based workflows and Agile development processes.

**Sushma Technology** (Mumbai, India)

Internship

Jun 2022 - Nov 2022

- Developed UI components using HTML, CSS, JavaScript, jQuery, and AJAX.
- Implemented database-driven features using MSSQL and CRUD operations.
- Supported senior developers in debugging, feature enhancements, and UI refinement.

**EDUCATION****Bachelor of Science – Computer Science**

Satish Pradhan Dnyanasadhana College | 2019-2022 | CGPI: 7.92

**CERTIFICATE**Microsoft Azure AI Essentials Professional Certificate by Microsoft & LinkedIn (<https://shorturl.at/djdVy>)Career Essentials in GitHub Professional Certificate Professional Certificate (<https://shorturl.at/cfLIV>)Microsoft Azure AI Essentials: Workloads and Machine Learning on Azure (<https://shorturl.at/uTtRD>)**ADDITIONAL INFORMATION**

- Based in Dubai, UAE | Immediate Joiner
- Strong communication & stakeholder interaction skills
- Comfortable with onsite, hybrid, or remote roles
